Don't Miss APHL 2023 ID Lab Con!

A new APHL conference

March 13–15, 2023

The Westin Peachtree Plaza, Atlanta

SARS-CoV-2 underscores the importance of infectious disease laboratory science and has driven innovation in the field while progress continues on other pathogens.

Join public health laboratory professionals, clinical laboratorians, epidemiologists, leading researchers and diagnostics manufacturers to share the latest findings, technologies and developments and to generate solutions to infectious disease challenges.
