

The Quality Management quick learning modules are designed to be customized and tailored to fit the needs of your laboratory. The documents on this website are designed to be downloaded and save to your local computer.

Each module includes:

- Power point document on the target topic
- Instructional leaflet to support the power point content
- Quiz on the content
- Answer sheet for the questions
- Quiz input sheet for student use

In addition, there are supplemental recorded webinars that provide additional detailed information that can be accessed on the [ISO/IEC 17025 Accreditation Training Resources Page](#)

For questions about the modules, please contact [phl.training@aphl.org](mailto:phl.training@aphl.org).
