

Managing Photos

Using the [GH Image Library](#) to find the image of choice, right click on the 'Name' of the image, select 'Copy Shortcut' to capture the file path (URL).

Find, or already have open, the list you need for the page you're working on. Locate the specific item in the list you want to change.

Paste this copied link into the appropriate list item's Image Link field:

Image	Type the Web address: (Click here to test)
	http://www.aphl.org/PublishingImages/Version3/test/ReadMore/_t/ima
	Type the description:
	http://www.aphl.org/PublishingImages/Version3/test/ReadMore/_t/ima
