

APHL Global Health and the Importance of National Laboratory Strategic Planning and Policy Development

Monday, December 8, 2025 | 1:00-2:00pm ET

COURSE # 000-647-25

DESCRIPTION

The Association of Public Health's Global Health (GH) Program works with countries across the globe to build strong and resilient national laboratory systems. National laboratory strategic plans and policies are crucial for achieving organizational success, quality services and efficient resource allocation. This webinar will provide an overview of APHL Global Health, describe APHL GH's role in national laboratory strategic planning and policy development and highlight the role of APHL consultants in accomplishing these efforts.

AUDIENCE

This webinar is intended for future consultants and professionals interested in APHL Global Health projects.

OBJECTIVES

After completing this webinar the participant will be able to:

- Explain how strategic plans and policies build resilient laboratory systems
- Identify APHL's role in supporting strategic planning and policy development
- Discuss consultant contributions to national planning processes

SPEAKERS

- **Francie Downes, DrPH**, professor emeritus
- **Lucy Maryogo-Robinson**, managing director, global health, APHL

Moderator

Tatianna Autrey, specialist, global health, APHL
