

The Triad of Effective Leadership – Accountability, Emotional Intelligence, and Psychological Safety

Tuesday, February 24, 2026 | 12:00 – 1:00 pm ET

COURSE # 588-201-26

DESCRIPTION

Join us to learn how you can strengthen your leadership effectiveness by building a workplace culture where three key concepts—accountability, emotional intelligence, and psychological safety—form a strong foundation that promotes individual development, team cohesiveness, and organizational excellence.

AUDIENCE

This webinar is intended for anyone who works in a public health, clinical, academic or research laboratory, or anyone else interested in learning more about effective leadership.

OBJECTIVES

After completing this webinar the participant will be able to:

- Explain how accountability, emotional intelligence, and psychological safety combine to support more effective leadership
- Discuss the importance of accountability, emotional intelligence, and psychological safety as foundational to workplace excellence

SPEAKERS

Presenters

- **Stan Hammonds, MS**, lead specialist, staff education and training, Association of Public Health Laboratories
- **Kathleen Street, MS, PMP, CMLF**, manager, leadership programs, Association of Public Health Laboratories

Moderator

- **Savannah Bergman, BS**, microbiologist, Eau Claire City-County Health Department
