

Neurodivergence: Inclusive Learning Strategies to Support Neurodivergent Trainees

Tuesday, April 7, 2026 | 12:00 — 1:00 pm ET

COURSE # 588-202-26

DESCRIPTION

Join us to learn how to provide effective training to individuals who process information differently from the general population. This webinar will prepare you to identify different types of neurodivergence, develop your emotional intelligence to communicate how a neurodivergent audience might respond to your lessons and give your teaching greater impact with a broad range of people.

AUDIENCE

This webinar is intended for anyone developing or delivering instructional material, as well as those who mentor, particularly those who work with young people or those with different learning abilities.

OBJECTIVES

After completing this webinar the participant will be able to:

- Define neurodivergence
- Identify differing manifestations of neurodivergence
- Explain how neurodivergence impacts the needs of learners
- Develop trainings that accommodate the needs of neurodivergent people without compromising the needs of your organization

SPEAKERS

Presenters

- **Nicholas Cropper, MPH**, biological threats defense trainer, Florida Bureau of Public Health Laboratories

Moderator

- **Anna Strain, PhD**, manager, infectious disease laboratory, Minnesota Public Health Laboratory

ENROLL FOR FREE

Enrollment via the link above is required to access the live webinar. If you need assistance with enrollment, send us an [email](#). To participate in this live webinar, log in to the [APHL Learning Center](#) (ALC) and follow [these instructions](#). If accessing the [APHL Learning Center](#) (ALC) for the first time, [create a free APHL account](#).

Continuing Education

The Association of Public Health Laboratories (APHL) is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E.[®] Program. P.A.C.E.[®] is accepted by all licensure states except Florida. This learning activity will provide 1.0 contact hours for the participant who successfully completes this training.

Level of Instruction: BASIC: Entry level; no prior knowledge of the subject is necessary.

ACCESSIBILITY

In compliance with the Americans with Disabilities Act, individuals seeking special accommodations must email a request to Pam Moleta (pam.moleta@aphl.org) prior to the live webinar. Closed captions will be available with the webinar recording.

LEARN MORE

For more information about this webinar, please email webinars@aphl.org.

By registering for this event, you are consenting to have your information shared with APHL event collaborators, such as the Centers for Disease Control and Prevention and Public Health Laboratories. We will not, in any circumstances, share your information with other individuals or organizations without your permission, including corporations or individuals, except when applicable by law. We do not sell, communicate or divulge your information to any mailing lists.

This webinar is supported by Cooperative Agreement number NU600E000104 (CFDA No. 93.322), funded by the Centers for Disease Control and Prevention. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Centers for Disease Control and Prevention or the Department of Health and Human Services, or APHL and member laboratories. This project was 100% funded with federal funds from a federal program of \$120,402,978.
